I am writing in support of map 13a. It does a good job of keeping North County together from Fallbrook to Escondido to Oceanside with Vista and San Marcos along the highway 76& 78 corridor. From our founding in 1885, Fallbrook has been connected with these communities as part of the North County Farm Bureau and the North County Chamber of Commerce. Fallbrook and these communities have more than a century of history having picnics together and playing baseball while cooperating on agriculture, water and transportation issues. Today, Fallbrook residents depend on the 76/78 corridor of Escondido, Vista, San Marcos, and Oceanside for daily services. We are aware that the history of this area goes back even further with the Mexican American and Native American settlements. Thank you, I am supporting Map13a.
