eComment :

Redistricting will hurt my village character. Lumping Rancho Santa Fe with other districts will make us be lost in maintaining our current rural character. Please don't do it.

Revisions to the draft maps are necessary to ensure the process is fair and equitable to rural and agricultural communities. It is imperative the revised maps do not split unincorporated communities such as Rancho Santa Fe, agricultural communities or special districts, school districts and water districts covering rural areas. Agricultural communities are historically underrepresented in local decision making and the agricultural COIs require adequate representation in government decision making.
