I think it is important to keep the I-78 connected cities in the same voting district to have focus on their common interests. Map 14 does the best for this and for keeping other voting interest areas in tact. Please select Map 14 for the new districts.

I'm in Escondido and definitely see our city as having more connection with San Marcos, Carlesbad than with rural areas such as Fallbrook. Santee, Ramona.

Thanks for hearing my input.

- Ron Forster - Escondido
Thanks much.
