Dear Commissioners,

Thank you for your time and attention devoted to the matter of San Diego County Supervisory redistricting. I will be brief.

I am a homeowner and resident of Solana Beach and part of the Communities Together Coalition, supporting **draft map 14**.

This map does the best job promoting a degree of cohesion among some of our coastal communities which share economic, cultural, environmental, educational and medical communities. Outside of our coastal region, **Map 14** does the best job of promoting cohesion among Communities of interest, when compared with other proposals. Others can and will speak more eloquently and in more detail, but I want to be heard in voicing my opinion in the redistricting process.

Thank you,

Adele Josepho,
Solana Beach
