Hi,

My name is Chris Mansour, and I'm a member of the Chaldean community. I have lived in East County for over 30 years. I strongly disagree with the redistricting of East County. The redistricting would separate us from our community and would silence our voices.

An organization called Napa has claimed to represent us. They do not represent us at all and are not part of the Chaldean community in any way.

Please keep East County as it is because it aligns with our beliefs, needs, and concerns.
