Dear Commissioners,

Thank you for your time and attention with regards to the matter of San Diego County Supervisory redistricting.

I am a homeowner and resident of Solana Beach and part of the Communities Together Coalition, supporting **draft map 14**.

This map does the best job promoting a degree of cohesion among our coastal communities which share economic, cultural, environmental, educational and medical services. **Map 14** does the best job of promoting cohesion among Communities of interest. Please consider my thoughts during your redistricting process.

Thank you,

Mary Ann Loes
Solana Beach
