Hello,

My name is Nancy Shorez, and I am a member of the Chaldean community that has lived over 30 years.

East county should not be divided and there is no just cause to allow the separation of any of our cities.

We have heard that an organization by the name of PANA claimed they represent us and that we support these maps. This PANA organization does NOT represent us in any way.

Thank you for listening to my voice.

Nancy S.
