Please keep our small city of SOLANA BEACH within the same district including our Solana Beach east side.

The map boundary criteria specially state the maps should “minimize division of cities” for a very real reason.

Solana Beach is a single tightly-woven social, cultural, and political community. Both our east and our west sides would have serious concerns should our city be severed in half. Solana Beach’s 13,000 residents all identify with our city as a whole.

Please choose MAP 14. Or please change MAP 13a 1-6 to include the entire city of 13,000, which can be accomplished without requiring any other compensating changes.

Please do not divide our small cohesive city where I-5 crosses through.
