Hello commissioners. My name is Bianca Zoma. I am a resident of El Cajon, born and raised in this great city, received my bachelors degree from SDSU and now own a business in this city. The people of Santee, lakeside, jamul, spring valley, Ramona and alpine are our friends and neighbors. These are the people I associate and thrive with on a daily basis. Not Hillcrest and not city heights. We share no common interests. My Chaldean community came to east county and chose to become good citizens of this city. As a Chaldean community member, my family lives here and works hard to be a GOOD part of this society. Opening businesses does not make Chaldeans "bad guys." We work hard to support our families and thrive for better futures for our children. For an organization like pana to try to claim that they represent us absolutely false. We share no common interest with pana. El Cajon is the heart of East county. To separate this city from the rest of east county is a disruption of our community. Please keep El Cajon in this district. Thank you commissioners for your time and efforts
