eComment :

The California Women's Leadership Association (CWLA) is dedicated to launching new women leaders into elected office and other key positions of leadership.

Headquartered in the County of San Diego, we believe in free market principles that emphasize smaller government and the role of government, individual freedom, responsibility and accountability, and economic growth.

We reviewed the proposals and believe that 13a v.1-6 is best for our members.

Thank you in advance for your consideration.
