Please approve draft map 13. Keep rural areas together under one supervisor. Rural areas have completely different needs and challenges than heavily urbanized areas. If you fracture rural areas we will have no voice as we will be drowned out by the heavily populated areas of Chula Vista, National City, San Ysidro, etc. While the idea of if a Border district may sound good on the surface. The reality is that areas further East have completely different lifestyles and needs. We need to stay under one supervisor and one school district.
