This has been a long tedious process and it's all about serving the entire community, not just sections of it. I received an email from an Escondido group that wants to unite Oceanside with many other areas, all the way out into East County. That group actually says we "must unite Oceanside with the other inland communities." FYI, Oceanside is a coastal community and we share that region with Carlsbad, San Marcos, Vista, Escondido and very few others as a direct result of CA Route 78. Please keep our communities together as part of the redistricting plans. Thank you.
