Agenda item #8

My name is David Garmo, I live in El Cajon. Thank you to the entire commission for your service to our community, I truly appreciate you and enjoy living in E Cajon.

My comments today are to encourage you to oppose the re-districting of El Cajon to be grouped with other communities like Hillcrest and North Park, as these communities do not share the same values.

There has not been a significant change in our population in current district 2 since the last census. So why divide us now?

These maps divide the Chaldean community voice who share the same values as others in East County.

Map 14 doesn't make sense geographically based on where East County is located.

We don't share the same values as Hillcrest and Northpark where in most maps the City of El Cajon, I understand, will be grouped with.

We don't want El Cajon to become a dumping ground of homelessness or sexually violent predators and want our supervisor to understand these issues.

I highly urge you to please reconsider and keep El Cajon, Rancho San Diego, Spring Valley, and other East County communities together moving forward. Thank you for your time and consideration.
