Hello, thank you for your work in redistricting our county. I know it is difficult and I believe you will do your best in accurately representing the true communities. I am a part of the Chaldean Community in east county. Our church and our members have resided here for decades. Please do not change our map and please especially do not move El Cajon out of east county as this is where a major part of my community belongs. We share the same ideologies as the rest of east county. Keep us where we belong.
