As a longtime resident of Elfin Forest, I consider my neighborhood as part of the unified rural communities that include Elfin Forest, Harmony Grove, Eden Valley, and Del Dios. We're a group of rural communities that have common values of conservation, independence, large animal keeping and preserving a rural environment. From Elfin Forest to Harmony Grove to Eden Valley, we socialize together, support and help each other out in a time of need. We're represented by one Town Council and one Planning Group. We've fought fires together for decades, manned our own volunteer fire station and have advocated for preserving these small communities.

I strongly oppose our community being split apart at the suggestion by interest groups that have no connection to our community. I also strongly oppose being lumped into an east county district. We have no association with east county. We have been associated with the city of San Marcos, Escondido, Olivenhain and Rancho Santa Fe for decades and our links are longstanding. Whether we are put in a coastal district or a north county district, it is superior to being placed in East County.

Thanks for your consideration.
