I want to thank the Commissioners for their hard work & for listening to the communities during these past few months. My name is Kathy Griffee, I am a proud member of SEIU Local 221 and I am a part of the Communities Together Coalition supporting draft map 14, as it keeps communities together & will make San Diego County stronger.

As someone who lives in Encanto, zip code 92114; the draft map 14 closely aligns with my community's values because it includes the proposed PANA district. This uplifts the African American community of interest from Southeast San Diego to La Mesa and El Cajon. For example, Spring Valley has one of the highest concentrations of Black residents in the County and should be included with other Black business and cultural centers in Lemon Grove and the Southeastern part of the City of San Diego.

The African American community historically does not have representation & it is time to correct that! All of the variations of IRC draft map 13 disenfranchise voters in the central district in opposition to the IRC's mission and stated goals. Under draft map 13 the new BIPOC majority would be represented by the current District 2 representative and they would not have a chance to elect someone who reflects their interests for 3 years.

Draft map 14 has the support of representatives from diverse communities who have come together to try to find agreement. This map will serve all of our community of interests, including:

- AAPI in the coastal district
- the BIPOC & LGBTQ communities in a central district
- uniting the cities along the 78 freeway
- rural communities of interest in East county
- respects the Voting Rights Act for the South County's Latino community.

Draft map 14 is a map that we can accept together because it will keep all of our communities together.

Sincerely
Kathy Griffee
