I am an elected member on the Fallbrook Planning Group, where I serve as 2nd Vice-Chair. I represent nearly 50,000 constituents. Maps 13 et al represent an excellent composite of communities that share many services. We have overlap with fire and law enforcement. We overlap with medical coverage. We overlap within our school districts. Socio-economically, we share many similar issues and concerns for the BIPOP community. Fallbrook has 48% Latinx residents. Agriculture is another common thread for us. From Oceanside, through rural Vista and San Marcos, we all have concerns over water and over development. Our representative needs to understand the uniqueness and inter-social/economic culture that we share. We deserve to be represented by someone who recognizes the North County geographic area as different than the rest of the county. Please support map 13 et al.
THANK YOU.
