eComment :

I strongly oppose our community being split apart and piecemeal lumped into an east county district. We have no association with east county. We have close association with the city of San Marcos, Escondido, Encinitas, Olivenhain and Rancho Santa Fe for decades and our links are longstanding. Our children attend schools in those communities. We do not want to be placed in East County with which we have absolutely no connection. We're represented by one Town Council and one Planning Group. We've fought fires together for decades, manned our own volunteer fire station and have advocated for environmentally conserving and preserving this small community over the years. Splitting us up would not serve our interests and could potentially destroy our community.
