Hello, I've been informed of the proposal to remove El Cajon from the East County District and join it with communities such as Hillcrest. This does not make geographic sense nor does it make any sense as far as values of community makes sense. We share very little if any values with residents of hillcrest and this is just ridiculous. I don't agree with this as this will affect all of my family and so I strongly discourage this re-districting of El Cajon. I propose to keep East County as it is. Thank you
