eComment :

I want to thank the Commissioners for their hard work and for listening to the communities during these past few months. My name is Lorena Barrientes, I am a proud member of SEIU Local 221 and I am a part of the Communities Together Coalition supporting draft map 14, as it keeps communities together and will make San Diego County stronger.

It Is important that we keep the urban areas along the 78 together since they have similar issues and concerns at the County level. For example, It recognizes the strong veterans presence along the 78 cities corridor. And other versions of North County just don't work. They cause chaos in other parts of the County tearing apart communities of interest and divides the voices of coastal north county communities.

Draft map 14 on the other hand has the support of representatives from diverse communities who have come together to try to find agreement. This map will serve all of our community of interests, including:

AAPI in the coastal district  
the BIPOC & LGBTQ communities in the central district  
uniting the cities along the 78 freeway  
rural communities of interest in East county  
respects the Voting Rights Act for the South County's Hispanic community.

Draft map 14 is a map that we can accept together as it will keep our communities together.
