My name is Muhannad and I am Chaldean and refugee from Iraq. thank you for your hard work and time, but I need you to if you don't know that we Chaldean are social people and we like to live together with other Chaldean from friends and families. We suffered alot of persecution both for our religion and our humblness, so please help us keep our religion, culture, and values by keeping elcajon with other chaldean majority cities such as Rancho San diego, spring valley, hammol, and so on. We need to save our culture, our religion, and our children from the harm they may suffer if Elcajon is seperated from its chaldean neighbors.
