I want to thank the Commissioners for their hard work & for listening to the communities during these past few months. My name is Nathan Wollmann, I am a proud member and Vice President of SEIU Local 221 and I am a part of the Communities Together Coalition supporting draft map 14, as it keeps communities together & will make San Diego County stronger.

Draft map 14 keeps the historic LGBTQ community of interest in Hillcrest, University Heights, North Park, Mission Hills, Normal Heights, and Kensington together. Please do not use freeway 163 as it will divide the LGBTQ community.

All of the variations of IRC draft map 13 disenfranchise voters in the central district in opposition to the IRC's mission and stated goals. Under draft map 13 the new BIPOC majority and the LGBTQ community would be represented by the current District 2 representative and they would not have a chance to elect someone who reflects their interests for 3 years.

Draft map 14 has the support of representatives from diverse communities who have come together to try to find a proper solution. This map will serve all of our community of interests, including:

- AAPI in the coastal district
- the BIPOC & LGBTQ communities in a central district
- uniting the cities along the 78 freeway
- rural communities of interest in East county
- respects the Voting Rights Act for the South County's Latino community.

Draft map 14 is a map that we can accept together because it will keep all of our communities together.
