Please keep our small city of SOLANA BEACH within one district including our east side, where I live.

Splintering our small city of 13,000 in half would violate your goal to "minimize division of cities…neighborhoods, and communities of interest." And would be a matter of the deepest concern to us.

Please choose map 14 or change map 13a 1-6 to include the whole city of Solana Beach, a very small change in numbers that keeps our city intact.
Many thanks!
