I'm a member of the Chaldean community and been living in rancho San Diego for over 20 years. Our community thrives in east county in cities like El Cajon, spring valley, santee, rancho San Diego, la Mesa, jamul, poway and alpine you are putting us with a community that doesn't share our economic, social Or cultural interest . Our voices will not be heard and will be taken away from us if we get put in areas like north park and hillcrest. They are urban areas with a concerted population and were in a rural area. They will outnumber us and take away our voices and concerns. Thank you for taking the time to read this message and please consider our Chaldean community.
