As a long time, resident of Rancho Santa Fe and new resident of Harmony Grove , I consider myself part of a unique, united and community oriented area that stretches from San Marcos to Escondido. We're unique and the last of its kind, a rural community that is united in our values of conservation, independence, large animal keeping and maintaining a rural environment. From Elfin Forest to Harmony Grove to Eden Valley, we socialize together, fight battles together and help each other out in a time of need. We're represented by one Town Council and one Planning Group.

I strongly oppose our community being split apart at the suggestion of folks who have no connection to our community. I also strongly oppose being lumped into an east county district. We have no association with east county. We have been associated with the city of San Marcos, Escondido, Olivenhain and Rancho Santa Fe for decades and our links are longstanding. Whether we are put in a coastal district or a north county district.
