Draft map 13a version 1-6 is looking good. The only real concern left, as most have been addressed, is keeping El Cajon in the east county map 13A. The East County Chamber of Commerce is in the middle of El Cajon, which serves all of the east county business community. If all of El Cajon cannot be included into the east county draft map 13A, then divide it in a way that makes practical sense. Keeping the East County communities of Santee, Lakeside, Alpine, Crest, El Cajon, Dehesa and points east is very important. We are a predominantly rural and semi rural area, and our service and representation needs, are much different than the suburban, and urban communities to our west.
