I am an elected Boards Member of the Grossmont Healthcare District. The most recent 13a draft map is a step in the right direction; however, District 3 still needs to include all of El Cajon to complete the east county areas with similar interests and to align with the Grossmont Healthcare District along with other east county water and high school districts. Other parts of San Diego areas in your revised map can be exchanged for El Cajon. Thank you for listening to the people.
