Dear Commissioners,

It is heartwarming to feel you have listened to our voices, the residents of Elfin Forest, Harmony Grove, and Eden Valley in your decision to keep us united as one and to keep us united with our long time D3 neighbors. Thank you. We are rejoicing here in this great news! Because your decision protects our valley and insures that its unique character and charm will be preserved best in D3 so it can be enjoyed by all San Diegans, now and in the future. We heartily endorse your approval now of this Final Draft Map as is. And thank you again for listening to us.

Sincerely,

Cheri L. Smith
