Subject: [External] can you send me a link to the current demographics of current Dist 5
Date: Saturday, December 4, 2021 12:02:51 PM

Hi,

I am concerned that when I look at the demographics of the current iteration of map 13a online, it shows my town, Borrego Spring, moved into a new alignment of towns. We currently are coast to desert and in the new map, we would be unincorporated east county only, including Poway and Ramona.

I'd like to be able to compare the demographics or map 13a, latest version, which is available to me on your web page, with the same information for the current configuration of the current district 5. That possibility just occurred at the last IRC meeting (I couldn't stay for the whole meeting) and I want to understand its implications.

My town is a true mix of affiliations and I am concerned about us losing diverse voices, especially for our LatinX community, which already struggles to be heard.

Thank you,

Rebecca Falk
