Spring Valley is a large unincorporated Community of Interest in East County. It consists of more than just La Presa, Spring Valley (itself) and the unincorporated area West of SR-125. This area is serviced by the Spring Valley Community Planning Group, County Service Area (CSA) No. 128 (San Miguel) and a County Board of Supervisor focused on unincorporated area issues. As a large unincorporated Community our only form of Government and Representation is the County Board Supervisor. If Spring Valley becomes a part of a mostly incorporated District, that Supervisor will most likely be elected by the majority of the incorporated voters leaving Spring Valley to be represented by someone who does not know (or possibly care) about issues in our area. Dividing La Presa from Spring Valley and taking away our only means of representation does a huge disservice to the Spring Valley area as a whole. This might work if Spring Valley (as a whole including La Presa, Casa de Oro, etc.) were incorporated under the City of San Diego and we had a City Council District to also represent us; but we are not (and are far from that). Please reconsider cutting our Community in half and destroying its only form of Representation. I appreciate the time you have dedicated to this task, but this Redistricting process has been rushed and does not have an adequate amount of input from East County voters. Please take a look at your own Public Comment & Testimony Tracker; Spring Valley and La Presa is a huge under-represented area full of hard working men and women who have no idea that your board is going to cut their community in half. Thank you for your time.
