Hello commissioners. My name is Eashou Markos. I migrated in El Cajon in 1992. I've been living here ever since. I'm a member of the Chaldean community. I recently heard that El Cajon will be split from the rest of the East County. I have 6 children, 4 of them live in El Cajon and the other 2 live in Jamul. Please don't split my family. Please keep El Cajon in the same district as East County. It doesn't make sense to split the many Chaldeans that live in the East County. El Cajon is very important city for the Chaldean community. This is where a lot of us live, go to church, my grandkids go to school, and where we shop for every day needs. El Cajon belongs in the East county, it's always been. Please don't split our voice and representation and our community. Thank you and God bless you all
