eComment :

Hi my name is fadi. I live in El Cajon for 15 years and I'm chaldean. Please keep el cajon in the east county. Our community lives in East county and belongs in East county. Don't silence our voice and representation. We need to stay together to build good America community for our people and children. We don't have any community interest with North Park and Hillcrest. We don't want them to control us Please make the right choice and don't destroy us. Thank you
