Hi my is Khalid Sitto. I'm a member of the Chaldean community. It is essential that El Cajon stays in the east county with the rest of our family members. I live in Rancho San Diego and El Cajon for 40 years. I have family members that live all over the east county cities. Please don't divide us. Please don't take away our voices and representations.our churches and schools are very important for us. Thank you and God Bless
