"Why move Old Town to District 2?" Old Town San Diego is closely aligned with Mission Hills and, in fact, does include portions of Mission Hills. Our neighboring communities are and have always been like siblings carrying on the values of our historic connection. We have more in common, are physically aligned and do not have a freeway between us. Why are you trying to dismantle our South of 8 community from continued close cooperation? Old Town is and has always been an important part of our historical community and represents the beginning of our State while Mission Hills was one of the first communities in our city. This strong historical link should not be broken by those who do not live in our community for their political self-interest. Keep Old Town in District 2. Stop irresponsible gerrymandering.
