Hello my name is Mallory Tomika, I am 17 years old and attend Granite Hills High School. I am a member of the Chaldean Community and I live in El Cajon. It is important for me that El Cajon remains in the East County. I have noticed that a big portion of Chaldeans live in El Cajon; as well as Rancho, Spring Valley, Santee, etc. I feel that it is violating my rights. Splitting El Cajon and the East county is something big deal to not only me but the rest of my culture. It is splitting our school districts, church, and many more things we truly care about. I hope you will take this into consideration and understand where my fellow Chaldeans and I are coming from.
