eComment :

Hello my name is Rafid. I'm part of the Chaldean community. I live in spring valley for 17 years. Please don't split El Cajon from our county. All my family lives in El Cajon and we should be in the same community. Our community is very important for us. Please don't separate us. We are all part of the east county community. I have many friends who live in all of the east county. If you split us you split our voice, our culture, and our representation. I urge you to keep us together. Thank you
