eComment :

Hello my name is Renee Mansour I am 14 years old and I attend Granite Hills High School. I am a member of the Chaldean community and I live in El Cajon. It is important to me that El Cajon stays in the East county. Please don't split our community. Please don't silent my voice. I was born in El Cajon and I want my voice to be with my cousins who live in the other cities on the East County. El Cajon is like the capital of my community and I don't want to be separated. Thank you so much
