Please DO NOT redistrict El Cajon. El Cajon has a very large American Chaldean community. The Chaldeans have been building and buying homes, property, businesses, and Churches in El Cajon for over 50 years. They have worked very hard to make El Cajon a home to them where other people of different backgrounds very much appreciate their presence and their contributions. They donate to police, and fire departments, to Churches and schools. They are active in their community and they do not want their voices muffled or even silenced by any other area who do not share in their values. It is a federal violation if this were to happen. Section 2 of the Voting Rights Act is a nationwide prohibition against voting practices and procedures, (including redistricting plans) that discriminate on the basis of race, color or membership in a language minority group. If the plan to redistrict El Cajon moves forward the Chaldean community will fight it all the way.
