eComment :

Hi name is salwan komo. I live in El Cajon for 15 years. I am a Chaldean. Please keep El Cajon in the east county. I have many families who live in the east county cities. Our culture, our churches, all of community is in El Cajon. You must not divide us please. It's a federal law that protects a community of interest like the Chaldeans. Please don't split us. Please protect us. We have no community interest with east San Diego. Thanks you
