Best Greetings,

My name is Waleed Polus, I am one of El Cajon city residents, and I am also part of the Chaldean community which is a big time involved, supportive middle eastern community.

I hope that you consider keeping our East County Middle Eastern (Immigrant/Refugee) Community together and not divide us among Supervisor districts.

We live in East County cities such as (El Cajon, Rancho San Diego, Santee, Lakeside, and La Mesa). These areas are places that need to be kept together.

Our Middle Eastern Community shares the same culture, language, food, and interests.

I am asking the IRC to keep our Middle Eastern Community together by keeping El Cajon, Rancho San Diego, Santee, Lakeside, and La Mesa in one Supervisor district.

Removing El Cajon from the above-mentioned communities in East County will separate our community.

Please take into your consideration the interest of our community.

Respectfully,
Waleed Polus
