Please keep our Chaldean community united. Don't separate us. We love our home, east county of El Cajon, Rancho San Diego, and other cities, united. I and my family have been living in El Cajon/ Ranch San Diego for decades where the rest of the community and churches reside and never came to our minds that we will be separated. I want to add my voice to the thousand other voices to keep us together so we can flourish and contribute to the east county which we call our beloved HOME. Thank you for all what you do to serve us.
