Good afternoon,

As you make decisions on the redistricting process, I would urge the commission to consider my community in Vista. I am the proud daughter of immigrants and grew up in this working class community. I am taking the time to email you because I am a firm believer in a fair process and ensuring lines are drawn in the interest of the community.

After graduating from Rancho Buena Vista, like many of my peers I attended Palomar College and pushed on through earning my degree from Cal State San Marcos. I mention this because North County is a regional hub for education that include not just these two institutions but also MiraCosta College who services Oceanside, Carlsbad, Vista and beyond.

As a small business owner, my clients come from Vista and the surrounding cities. I get to hear their stories and I do my best to support them within the legal world. People are familiar with Vista because of the courthouse and whether it's jury duty or coming to pay a ticket, this is another connecting factor in the place we call North County. We have many small businesses that are connected by this regional hub and I find joy in getting to serve my community.

Please consider a district that keeps North County together from Carlsbad all the way to Escondido. Thank you for your time and consideration.
