Dear Commissioners,

I have lived and worked in North County for over 30 years, and my recommendation is to create a new District 5 that represents Carlsbad, San Marcos, Oceanside, Vista, and Escondido. Cities along the 78 corridor should be in the same district because they are intimately connected.

An example, of this connection is Innovate 78 that supports “the business ecosystem of the 78 Corridor in San Diego by elevating the region’s reputation and helping businesses innovate and evolve.”

In addition, the cities along the 78 corridor are connected by the watershed and need united representation regarding environmental issues impacting both inland and coastal ecosystems.

The cities along the 78 corridor are also connected through the North County Transit District and the unique transportation needs in the area.

Finally, it essential to keep Escondido together with the other cities in order to provide greater representation for North County Latino communities along the 78 corridor.

Thank you for your time and consideration.
Janis Jones
