eComment :

My name is Emily. I am a resident of Chula Vista in the South County. My community consists of Mexican-American, Southeast Asian and Pacific Islanders, and Caucasian. I would like to see more outreach efforts to build communication channels between city and county officials with community groups interested in the future of South County. From Barrio to National City to Chula Vista share more in common in demographics and culture than Coronado and Point Loma. Lifestyles and social demographics play key when it comes to the future of South County. Please consider these points when redistricting our counties.
