My name is Kristina Mananquil. I am a resident in South County as well as a teaching artist, primarily in Barrio Logan. I have worked with children ages 2 to teens and young adults since 2016. Many children and families in this area share many interests, needs, issue areas. Many families and youth face struggles and challenges such as lack of housing, access to health/mental health and safety (especially in this pandemic), transportation to school and childcare services, incarceration of youth and family members, presence of pollution, gentrified neighborhoods and heavy police presence and criminalization. This community also shares many cultural traditions and celebrations. Many gather in at Chicano park as a home and community. There is also a strong presence of community gatherings and support for local businesses and artists. It is a community of culture and resistance and brilliance. I am advocating for this community to stay separated from areas such as Point Loma and Coronado who cannot relate to the needs and shared community interests and culture. Keep the Barrio together with communities that can amplify shared needs and issues.
