I was born in Santa Monica in 1950 and have lived almost all my life within a mile of the beach. I have lived in Del Mar since 1986, and as you deliberate redistricting, I ask you to consider keeping as many of the beach communities together as possible. We face unique issues and problems, including sea level rise and other issues related to climate change. Our ocean and our beaches help define San Diego County, and we must protect them. Having a Supervisor who is dedicated to that would be so helpful... Thank you.
