Hello,

My name is Nicolette Molina-Madril. I live in Chula Vista, mostly my community is from Barrio Logan to the boarder.

I'd like to have a district that is represents of my community, that has the same challenges as I do. People and families who face many of the same challenges - quality education, pollution from the port and border, COVID, childcare, affordable housing. In order to do this I would like to see District 1 that includes all of San Diego's border communities from San Ysidro all across the international border.

I don't see the reason why Point Loma and Coronado should be included in this district. It was clear that Coronado residents do not want a diverse/harmonious relationship with minorities. A great example is what happened to the Latino kids who came to represent their school in a basketball game. They threw tortillas, called names, if they don't want us in Coronado why should we be in the same district.
