Hi, my name is Stacey and I'm a resident of South County. My community consists of working and middle class Asian and Asian Americans in South County. I hope this commission draws a South County Border District that upholds the Voting Rights Act and includes all of San Diego's border communities from San Ysidro all across the international border. A district along the border would give voice to so many of our South County residents with family and jobs on both sides of the border. Our communities have so much in common. We come from migrant families where language barriers are difficult to overcome, many of us have family members who live on multiple sides of a border, and we face many of the same challenges - including quality education, pollution from the port and border, and inequities further exacerbated by the COVID pandemic.
