My name is Peter Whittet. I'm a resident of San Marcos and work in All of North County as a Realtor and owner of a contract cleaning company.

As a resident of North County for nearly 30 years living in Oceanside, Carlsbad and for the last 10 years San Marcos, I've watched it grow, develop, and cooperatively work together to solve challenges.

We are definitely a community of mutual interests and it's important that we have one Supervisor District to represent both the cities and unincorporated communities of North County.

Here are a couple examples:

The 78 corridor has grown from a 2 lane highway, through a 4 lane highway and now 6 lanes freeway, all needing the support of the cities along the corridor.

Here is another example, the rain runoff from Inland North County mountains makes its way through Escondido, to San Marcos, then Lake San Marcos, with the spill over heading down to Carlsbad. The care and cleaning of each of these areas concerns and is being addressed through cooperation and design improvement much of this going on right now in San Marcos with the Creekside project.

We are interconnected and having one Supervisor who is responsible for the North County Corridor is important.

What unites these communities, the cities and the unincorporated areas, is a strong sense of being residents of North County. Not San Diego. Not East County. Not South Bay. We are North County

We are all fortunate to live in a county with distinct areas.
I urge you to respect our community of interest.

Please maintain a unified North County, represented by one County Supervisor.
Thank you very much
