District 5 provides incredible support of the unique issues and benefits of living here. Although parts of District 5 are "cities", we all interrelate on so many important things, especially agriculture, tourism, homelessness, youth sports and community events. Our current Supervisor does an excellent job of representing all of us regardless of whether we are incorporated or unincorporated. We are a unique area, not at all like East County or South County. We rely on the resources of all our joint communities to provide a common lifestyle. We need someone to represent us to continue to preserve the way we work together on these items. Dividing us would put us in potential competition with each other and ultimately destroy the common goals we share. Oceanside blends into Fallbrook, which blends into Valley Center and wraps back around to Escondido and San Marcos. We are intertwined. It works well. There is no need to fix something that is not broken.
